

Worksheet # 11

Week 6, Day 1: Visualization rhetoric, uncertainty, and time series

Name: _____

NetID: _____

Date: _____

Guided checkpoints

For full credit, fill in the checkpoints. If you skip a checkpoint, you must include your own notes for full credit.

1. Four Editorial Layers of Rhetoric

List the four layers where a designer's choices can shape a visualization's message, with one example choice for each.

2. Serif vs. Sans-Serif

Write the word "Data" in each style. Circle one serif.

serif

sans-serif

3. Four Ways to Visualize Uncertainty

Name the four kinds of displays for intervals and uncertainty, with one example of each.

4. Reading the Cone

Before the discussion: what do you think the cone represents? After: what does it actually represent?

5. Alternatives to the Cone

Name or sketch two other ways to show where a hurricane might go.

6. Common Examples of Time Series

List four examples of a time series: the same variable, measured over time.

7. Four-Part Decomposition

List the four parts of a time series, with a few words on what each one is.

8. Additive or Multiplicative?

Sketch one series with additive seasonality and one with multiplicative seasonality.

additive

multiplicative
